

# What is Street Zone?

Street Zone is my dream project that I've been on and off about since I was a kid. It's an Arcade Street Racing Game focused on fast speeds and police chases. I want the first and last impression of the game to be fun, from the music to the artstyle. All focusing on an upbeat, and colorful atmosphere. I would show pictures but for the safety of the project I won't. That's enough writing for now, bye.
